

KVH Regional Coordinators

KVH recognises that each kiwifruit growing region has unique needs according to the Psa risks, spread of infection, and the timeframe Psa has been in the region.

KVH works with Regional Coordinators to support growers and help reduce the spread of Psa in regions where the disease is not widespread.

Regional Coordinators are present in Nelson, the Hawkes Bay and Whangarei regions, and can be reached using the contact details below. For all other regions, growers should contact KVH on 0800 665 825 or email info@kvh.org.nz.
