

South Island Controlled Areas Protocol

KVH has defined Controlled Areas at several South Island sites located outside the South Island Exclusion region (see map appended). The declaration of these Controlled Areas allows KVH to have more effective management of kiwifruit plant material movements to and from locations out of the main kiwifruit growing areas.

Controlled Area notices have been issued for the following sites:

- Monkey Peach male orchard and pollen mill, 476 Wangapeka Road, Karamea
- Zealandia Horticulture Ltd
 - 301 Radcliffe Road, Christchurch
 - 84 Mairehau Road, Christchurch
- Lincoln University Nursery Greenhouse Centre, Farm Road, Christchurch
- Fiordland Nurseries, 322 Manapouri-Fiordland Highway Te Anau.

Movement restrictions apply to each Controlled Area. **For further information refer to [KVH Protocols](#).**

Movement restrictions

No risk items should be moved into or taken out of these controlled areas, without KVH authorisation.

Risk items include:

- (a) kiwifruit plant material, such as seed for propagation, budwood, rootstock, and compost:
- (b) orchard infrastructure and equipment
- (d) reject fruit
- (e) pollen and flowers
- (f) beehives.

Movements to the specified Controlled Areas:

Risk items	From a South Island site outside	From the South Island Exclusion region	From Containment regions and the North Island Exclusion region	From Recovery regions
Pollen	KVH authorisation required	KVH authorisation required	PROHIBITED	PROHIBITED
Beehives	KVH authorisation required	KVH authorisation required	PROHIBITED	PROHIBITED
Orchard equipment and infrastructure	KVH authorisation required	KVH authorisation required	PROHIBITED	PROHIBITED
Budwood Rootstock Seeds for propagation	KVH authorisation required	KVH authorisation required	PROHIBITED	PROHIBITED
Other vine material	KVH authorisation required	KVH authorisation required	PROHIBITED	PROHIBITED
Compost Reject fruit	KVH authorisation required	KVH authorisation required	PROHIBITED	PROHIBITED

Movements from the specified Controlled Areas

KVH authorisation is required for all movements of risk item material listed above. General permission may be given on a “case by case” basis.
